THE

AMERICAN EDUCATIONAL CATALOGUE FOR 1902.

[PUBLISHERS' PRICES.]

NOTICE.—In this Catalogue only prices made by publishers themselves are given—retail, if retail, in first column; "net" (wholesale), if "net," in second column; where a "mailing" percentage is specified by the publisher, the "mailing price" is given in the retail column marked with an asterisk (*), in addition to the wholesale price. When price-columns are left blank, the publisher failed, on application, to furnish price. A double asterisk (**) in price-columns designates books forthcoming. New books, issued since the publication of the Catalogue of 1901, *are designated by a single asterisk (*) before title.*

☞ In comparing prices or ordering at retail, private buyers should bear in mind that a percentage must be added to prices quoted at wholesale, to cover freight, handling, delivering, etc. Discounts on quantities vary on different lines, according to the kind of prices adopted by the respective publishers.

For subject classification (and for collective references to classic authors entered here under separate editors), see the second part of the Catalogue, following this main alphabet.

FOR THE LITERARY WORKER

The Annual Literary Index, 1901

Including Periodicals, American and English; Essays, Book-Chapters, etc.; with Author-Index, Bibliographies, Necrology, and Index to Dates of Principal Events. Edited by W. I. FLETCHER and R. R. BOWKER, with the co-operation of members of the American Library Association and of the *Library Journal* staff.

THE ANNUAL LITERARY INDEX complements the "Annual American Catalogue" of books, published each year, by indexing (1) articles in periodicals published during the year of its issue; (2) essays and book-chapters in composite books; (3) authors of periodical articles and essays; (4) special bibliographies; (5) authors deceased; (6) dates of principal events during the year. The two volumes together make a complete record of the literary product of the year.

"Of great value to all who would keep advised of the topics and writers in the periodical literature of the day."—*Universalist Quarterly.*

"Good indexing could no further go."—*The Nation.*

TERMS OF ADVERTISING.

Under the heading "Books Wanted" book-trade subscribers are given the privilege of a free advertisement for books out of print, of five nonpareil lines exclusive of address, in any issue except special numbers, to an extent not exceeding 100 lines a year. If more than five lines are sent, the excess is at 10 cents a line, and amount should be inclosed. Bids for current books and such as may be easily had from the publishers, and repeated matter, as well as all advertisements from non-subscribers, must be paid for at the rate of 10 cents a line.

Under the heading "Books for Sale," the charge to subscribers and non-subscribers is 10 cents a nonpareil line for each insertion. No deduction for repeated matter.

All other small, undisplayed, advertisements will be charged at the uniform rate of 10 cents a nonpareil line. Eight words may be reckoned to the line.

Parties with whom we have no accounts must pay in advance, otherwise no notice will be taken of their communications.

BOOKS WANTED.

☞ ***In answering, please state edition, condition, and price, including postage or express charges.***

Houses that are willing to deal exclusively on a cash-on-delivery basis will find it to their advantage to put after their firm-name the word [Cash].

☞ ***Write your wants plainly and on one side of the sheet only. Illegibly-written "wants" will be considered as not having been received. The "Publishers' Weekly" does not hold itself responsible for errors.***

It should be understood that the appearance of advertisements in this column, or elsewhere in the "Publishers' Weekly" does not furnish a guarantee of credit. While it is endeavored to safeguard these columns by withdrawing the privilege of their use from advertisers who are not "good pay," booksellers should take the usual precaution, as to advertisers not known to them, that they would take in making sales to any unknown parties.

THE AMERICAN CATALOGUE of books in print and for sale July 1, 1876, compiled under the direction of F. LEYPOLDT, and its supplements, 1876–84, 1884–90, 1890–95, and 1895–1900, compiled under the editorial direction of R. R. BOWKER, aims to present all the bibliographical features of the books in the American market, arranged in the first part alphabetically by both *authors* and *titles*, and in the second part alphabetically by *subjects*.

The Catalogue and its supplementary volumes form the only approximately complete guide in existence to the American books of the day, so arranged as to make reference easy from whatever direction the inquiry may come, whether from that of the author, or the title, or the subject. It not only furnishes the desired information about any particular book of which the consulter is in search, but shows what others there are by the same author or on the same subject in which he is interested. To the bookseller, therefore, it is valuable both in filling orders and in stimulating business; to the librarian, in supplying gaps and proportioning his collection; and to all who are practically concerned with books, in furnishing information which nowhere else is obtainable by so convenient a method, if obtainable at all.

The author-and-title volume of the 1876 volume is out of print. A limited number of the subject volume may be had in half leather binding at $15.

The volume covering the period 1876–84 is also out of print.

For 1902
PUBLISHERS' TRADE LIST ANNUAL
(Thirtieth Year)

In response to the desires of the book trade we shall publish the forthcoming issue of THE PUBLISHERS' TRADE LIST ANNUAL, to be ready at the opening of the active Fall season, in August, 1902,

With a Complete Index

to the publishers' catalogues contained therein. The books will be indexed by author, title and, practically, by subject or class. The name of series, the price, and name of publisher will also be given, so that any book contained in the ANNUAL may be located at once by whatsoever clue the user may have. The Index will be printed in two columns to the page, in readable type, full face letters being used to make reference to authors' names more convenient.

The bulk of the volume, as heretofore, will consist of the latest CATALOGUES OF 250 FIRMS PUBLISHING BOOKS IN THE UNITED STATES, contributed by themselves and arranged alphabetically by the firm names, with the smaller lists and advertisements of single books at the end. The patent "Duplex Index," having the alphabet printed on the concave surface as well as on the margin of the page, enables instantaneous reference to the catalogues and the lists, whether the book is open or shut.

These lists, thus bound together, present in their combination so convenient and time-saving a working tool as to have made THE TRADE LIST ANNUAL for upwards of a quarter of a century indispensable to every one who has any interest in the purchase or sale of books published in the United States. With the reference index to the books listed in the publishers' catalogues its practical usefulness will be enhanced an hundred fold.

The work will be offered to the trade in two styles :

With the Index, in 2 Volumes, bound in cloth, $5 00
Without the Index, in 1 Volume, bound in cloth, 1 50

if ordered and paid for in advance of publication. After publication day the price of the work with the index will be raised to $7.00, and of the work without the index to $2.00. Orders, stating whether the volume is desired with or without the index, should be registered at
